On-Time Delivery, Financial Security and Personal Compassion

About Us

LifeLine PPE is a global supplier of medical products and personal protective equipment. Industries served include:

- Medical
- Government
- Military
- Industrial
- Retail
- Civilian

We are a registered supplier for many worldwide organizations including:

- ADB, AfDB, CTBTO, FAO, IAEA, ICAO, IFAD, ILO, ITC, ITU, IMO, OPCW, PAHO, UN Secretariat, UN Women, UNAIDS, UNDP, UNESCO, UNFPA, UNHCR, UNICEF, UNIDO, UNOPS, UNRWA, WFP, WHO, WIPO, WMO and WTO

LifeLine PPE products include but not limited to:

- 3 ply face masks, all levels
- N99 FFP3 respirators
- Protection and isolation gowns, all levels
- Gloves (latex, nitrile, vinyl)
- Disinfecting agents
- DME/HME
- AI (Artificial Intelligence) Medical Devices
- Antiviral/Antigen Testing Kits
- Syringes
- OTC
- Nutraceuticals
- Pharmaceuticals
- Laboratory Supplies

We are a solution provider and your partner in health!

Why Work with Us

LifeLine PPE offers a streamlined, efficient and hassle-free ordering process that eliminates the challenges during procurement while also providing the following advantages:

- High-quality, certified products (ASTM, CE, FDA, NIOSH)
- Fast on-time delivery
- Secured financial investment (fraud and theft prevention)
- Controlled pricing (no broker networks)
- Lowest wholesale pricing available on comparable products
- If applicable, products are retail ready and have GS1 registered barcodes
- We can supply any medical products you have demand for
- We offer full product assistance and support
- We can provide advertising assistance
- We give EXCLUSIVE territory rights for all products we provide
- Personal attention
- Can support any volume
- Global delivery

3 Ply Disposable Mask

3 Ply Specifications

Key Features

- High filtration level
- Number of Layers: 3 (3 ply)
- Resistance to breathing: Delta-R 1.7
- Nasal Retainer: Yes
- Shape Lock: No
- Product Shape: Herringbone
- Type of mounting: Rubber band
- Product Size / Weight: 175 * 95
- Filter: Meltblown
- Material: Spunbond / Meltblown / Non-woven
- Temperature range: -5 to +30
- Relative humidity: up to 95%
- Package Quantity: 50

Use For

- Use for solid particulates, dust and liquid mists.
- Always follow manufacturer's usage instructions

Shelf Life and Storage

- 5 years from the date of manufacture
- Store masks in the original packaging, away from contaminated areas, dust, sunlight, extreme temperatures, excessive moisture, and damaging chemicals
- Store in temperatures between -4°F (-20°C) and +86°F (+30°C) and not exceeding 80% RH

N99 FFP3 LL-518 Respirator

N99 FFP3 LL-518 Respirator Specifications

Protection Level

- N99 FFP3 (>99% Filtration)
- 5 Layers
- Independently tested by ICS Laboratories, Inc.
- CE Certified

Specifications

- Model # LL-518
- Adjustable nose clip for custom and secure seal
- Ear loop design for maximum comfort
- Easy inhalation/exhalation
- Large inside area to prevent skin irritation
- Convenient folding design

75% Alcohol Wipes

75% Alcohol Wipes

Ingredients

- Non-woven fabric,
- 75% isopropyl alcohol
- RO pure water
- Quaternary ammonium salt
- Benzalkonium chloride

Warnings

- Extremely flammable.
- Do not use near fire or high heat.
- Store in a cool dry place.
- Use only under adult supervision.
- This product is intended to be used as a cleaning and disinfecting agent.
- External use only.
- Do not ingest or use near eyes and mouth.
- Call poison control if ingested.
- Do not reuse.
- Dispose of properly after use.

Disposable Protection Gowns

Protection Gown Specifications

Protection Level

- Level 4
- Used in HIGH risk situations
- Prevents all fluid penetration for up to 1 hour
- May prevent VIRUS penetration for up to 1 hour

Specifications

- Material: PE
- Nonwoven
- Non-Sterile
- Size: UL (unhemmed length), adjustable size

Applicability

- Pathogen resistance, Infectious diseases (non-airborne), Large amounts of fluid exposure over long periods

Caution

- Follow proper CDC disposal guidelines after use

Warnings

- Always follow manufacturer's instructions for proper use. If skin sensitivity occurs, remove gown immediately

Nitrile Examination Gloves

Nitrile Examination Glove Specifications

Features

- Medical use Nitrile examination gloves are suitable in work environments where there is possible contact with bodily fluids, microorganisms, and chemicals. They do not contain natural rubber latex and are an excellent alternative for those suffering from Type I allergies. The powder-free gloves offer high flexibility, tactility, tear and chemical resistance. Nitrile gloves can be designed with a special Nitrile formulation so that they feel and fit like latex and allow full range of motion and excellent flexibility to minimize stress and fatigue.

Specifications

- LifeLine PPE nitrile exam gloves feature an ambidextrous fit with beaded cuffs for easy donning. They meet or exceed all industry standards for safety and quality, and comply with the following specifications:
- Not Made with Natural Rubber Latex, Powder-Free
- FDA 510(k) Approved for Medical Use
- ASTM D6319 Specification for Nitrile Examination Gloves for Medical Application
- ASTM F1671 Test Method for Resistance of Materials by Blood-Borne Pathogens (Viral Penetration)
- Additionally, all LifeLine PPE chemotherapy-rated nitrile exam gloves meet and exceed ASTM D6978 Resistance of Medical Gloves to Permeation by Chemotherapy Drugs with FDA 510(k) Approved for Medical Use.

Syringe and Needles

Syringe and Needle Specifications

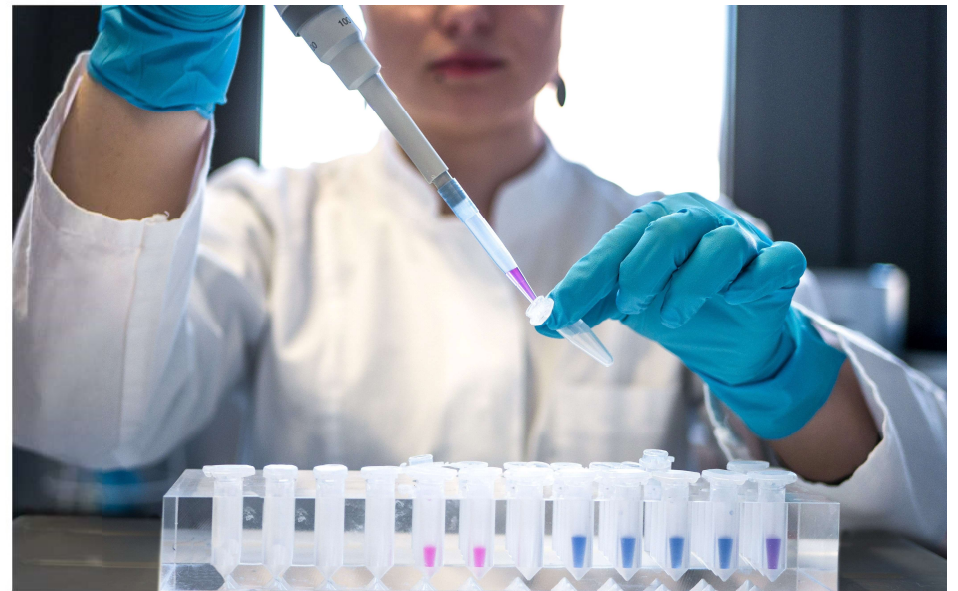

Features

- Comfort, quality and performance are critical. Our ultra-sharp needles are tri-beveled with
- stainless steel walls for easy penetration. Our needles are color-coded by gauge size for rapid identification
- Excellent slidable performance for medical staff to easily perform clinical injection
- Strong ink adhesive and friction resistance
- Universal fit: Conical lock fittings with 6% taper conforms with international standards. Can be used with any product with a 6% conical lock fittings

Specifications

- Clearly observe solution and bubbles through transparent barrel
- Easy grip, skid proof plunger
- Skid proof on inner barrel to prevent plunger from sliding
- Single use application
- FDA 510(k) Approved for Medical Use

Laboratory Disease Testing Kits

Core Disease Testing Kits

LifeLine PPE provides a full spectrum of FDA, CE and WHO approved testing kits. These testing kits include but not limited to:

- COVID-19 Antibody Rapid Test, COVID-19 Antigen Rapid Test, COVID-19 PCR Test
- Gastrin Releasing Peptide Precursor (ProGRP) Detection Kit (Enzyme-linked Immunoassay)
- Hepatitis A virus IgM antibody (HAV-IgM) detection kit (enzyme-linked immunoassay)
- Hepatitis B virus core antibody (HBcAb) detection kit (enzyme-linked immunoassay)
- Hepatitis B virus surface antibody (HBsAb) detection kit (enzyme-linked immunoassay)
- Hepatitis B virus e antigen (HBeAg) detection kit (enzyme-linked immunoassay)
- Hepatitis B virus e antibody (HBeAb) detection kit (enzyme-linked immunoassay)
- Hepatitis E virus IgM antibody (HEV-IgM) detection kit (enzyme-linked immunoassay)
- Hepatitis E virus IgG antibody (HEV-IgG) diagnostic kit (enzyme-linked immunoassay)
- Helicobacter Pylori Test
- HIV Test
- Syphilis Rapid Test
- Troponin I detection kit (colloidal gold method)
- Troponin I/creatine kinase MB isoenzyme/myoglobin three-in-one detection kit (colloidal gold method)
- ToRCH ten prenatal and postnatal care test reagents (chemiluminescence method)
- Tumor marker detection reagent (chemiluminescence method)
- Treponema pallidum antibody detection kit (chemiluminescence method)
- *****If you need a test that is not listed above, please contact us.*****

Pharmaceuticals and OTC's

Core Pharmaceuticals and OTC Categories

LifeLine PPE is a global supplier of high-quality and cost-effective generic drugs and OTC products. We currently provide over 1500 products in the following therapeutic categories:

- Anti-infective Drugs
- Cancer Drugs
- Hormones, Diabetes and Related Drugs
- Heart and Circulatory Drugs
- Respiratory Drugs
- Gastrointestinal Drugs
- Genitourinary Drugs
- Central Nervous System Drugs
- Pain Relief Drugs
- Neuromuscular Drugs
- OTC
- Blood Modifying Drugs
- Topical Drugs

Dosage forms include:

- Tablets
- Capsules
- Softgels
- Powders
- Liquids
- Injectables
- Aerosols
- Controlled-Release
- Topicals
- Transdermal

Durable Medical Equipment (DME)

Core DME Products

LifeLine PPE supplies a wide range of certified Durable Medical Equipment (DME). Our core products include the following items:

- Blood sugar meters
- Blood sugar test strips
- Canes
- Commode chairs
- Continuous passive motion devices
- Continuous Positive Airway Pressure (CPAP) devices
- Crutches
- Hospital beds
- Home infusion services
- Infusion pumps & supplies
- Lancet devices & lancets
- Nebulizers & nebulizer medications
- Oxygen equipment & accessories
- Patient lifts
- Pressure-reducing support surfaces
- Suction pumps
- Traction equipment
- Walkers
- Wheelchairs & scooters
-
- *****If you need any DME that is not listed above, please contact us.*****

Certifications and Registration

3rd Party Inspection and Testing Labs

Giving Back to Our Frontline Heroes and Community

We are providing one FREE 40ft container (1,700,000) 3 Ply Masks with qualified orders of our N99 respirators. Contact us for details.
